

RACE BRIEF

WELCOME!

The 16th Annual Market to Market Relay Nebraska presented by OrthoNebraska is right around the corner. Use this Race Brief for an at-a-glance overview of the most important information in preparing for race day. RUNNER ORDER & CHANGES

Team members will run in a fixed order. See the Running Matrix on the right for runner order.

What is a Fixed Order? For example, On a seven-person team, Runner 1 will complete Stages 1, 8 and 15; Runner 2 will complete stages 2, 9 and 16; and so on.

How do we turn in our Running Order? You don't. We allow for flexibility of your team's runner order. As long as you choose your running order and run in the fixed order, you are good to go. Your race bib last number is the runner number.

Can we add a runner or sub a runner? You bet! Just make a change on our official change form ([view here](#)). If you are downsizing your team, you do not have to complete the change form.

RUNNER BIBS

In your Team Packet you will find 8 race bibs. Give one to each runner. Your team number is the black number and the runner number is green. Your first runner wears the bib with the green 1, second runner the bib with the green 2, and so on. Wear bibs on the front of your shirt (or costume).
